**Practice sheet 10 – due on 2014-01-31 (!! Friday 8.00 am !!)**

---

**Learning aims:**

To prepare you for the final test we will in our last meeting before the written test go through a mock exam, for which you are to prepare samples of exercises with solutions.

**Task 10 – 1: Developing a test exercise and solution sample**

Select a topic out of the course subjects and look at a possible exercise and its solution to be included in the mock exam.

Take note of the reference pertaining to the nature of test exercises:
